

Enhancing enterBooks.com and enterProfile.com

18th June 2003

Always keen to further develop enterBooks.com and enterProfile.com, Dawson Books has responded to a pattern of similar requests from libraries.

Where appropriate our title records will now show the message 'Previously supplied' to help keep track of titles ordered by a library. If a title is supplied the new message will be displayed for 3 years.

As with the existing 'On Order' indicator, titles for alternative formats will also show the new 'Previously Supplied' message.

We at Dawson work hard to identify and implement improvements to our services and welcome further suggestions through info@dawsonbooks.co.uk.
